PROFILE

Highly skilled healthcare professional with 8+ years of experience in dental surgery, healthcare management, and leadership. Adept at improving patient care, driving organizational efficiency, and leading diverse teams in high-stakes environments. MBA in Global Healthcare Management & Leadership, with a strong focus on strategic planning, stakeholder management, and innovative healthcare solutions essential for navigating complex healthcare ecosystems and supporting solutions that accelerate commercialization, enhance patient and physician experiences, and improve health outcomes. I am passionate about bridging the gap between clinical insight and technology-driven healthcare initiatives. Proficient in multiple languages, and advanced technical tools, passionate about leveraging expertise to contribute to the healthcare industry's growth.
